Disclaimer

The colours shown in this catalogue may differ from the original. Colours change appearance under different light sources. It is nearly impossible to accurately depict textile colours on paper print. Neon-colours even cannot be depicted correctly through photography.

We have listened to your comments and are constantly working on improvements. So, it might be possible that different productions differ from each other. Some elements, e.g. colour of the border or the hook and loop fastening may change. For big orders, we are happy to send you a sample. The colour of the fabric may slightly differ depending on the batch.
